Among other papers in the file is a Washington, dated "Headquarters Frederick, 26 October, 1778." The substance of this letter is found in the following

"You in my opinion carry your ideas of delicacy too far, when you propose to Schaeffer, E. J. Stellwagen, H. drop your pay while the recovery of your health necessarily requires your absence from the service. It is not customary, and it would be unjust. You, therefore, have leave to retire until your health is so far re-established as to enable you to do your duty."

SCENES AT TRIAL OF "HAMS VS. BIERCRAB."

von Biercrabs," up for a second trial, was heard on the lawn at Hayes, the country home of defendant's counsel, G. Thomas Dunlop, near Chevy Chase Lake, vesterday afternoon. The case was originally docketed for trial a year ago, but rain forced a postponement.

In addition to Attorney Dunlop the defendant was represented by Maria, the cook, who made an excellent presentation. The defendant, however, was literally overwhelmed and eaten up by counsel for "the pee-pul," and at the conclusion of the hearing little remained of the case so carefully prepared by Maria and Attorney Dunlop.

AMERICAN CHALLENGER BEING BUILT ABROAD

Experts Think Winner of World Trophy Must Make Speed of 125 Miles an Hour.

Lieut. Thomas Milling of the army aviation corps will represent America in the Gordon Bennett cup race in France this summer. An American syndicate is having a cup challenger built in France, where it will be ready for delivery to the syndicate July 15. It will be a Deperdusan machine with a twentycylinder. 200-horsepower Gnome motor. This will make the whole of the challenger apparatus of foreign design, except the aviator, similar to the time when the cup was last won for the STINE. On June 28, 1913, at his parents' rest United States by Charles D. Weyman, n the English competition of 1911. There is no doubt that the race will

be won this year at the rate of 125 miles an hour or better. Jules Vedrines, who won the cup at Chicago last fall, flying 1051/2 miles per hour, has since that time put the mark up to 108 miles. Maurice Prevost, the other member of the French team last year, has been flying higher-powered machines until about a week ago he placed a speed record of 115 miles an hour. Since then he has flown 1171/2 miles an hour with a machine of 140 horsepower.
